

March 13, 2023

Dear Agencies, Stakeholders, Partners, and Landowners:

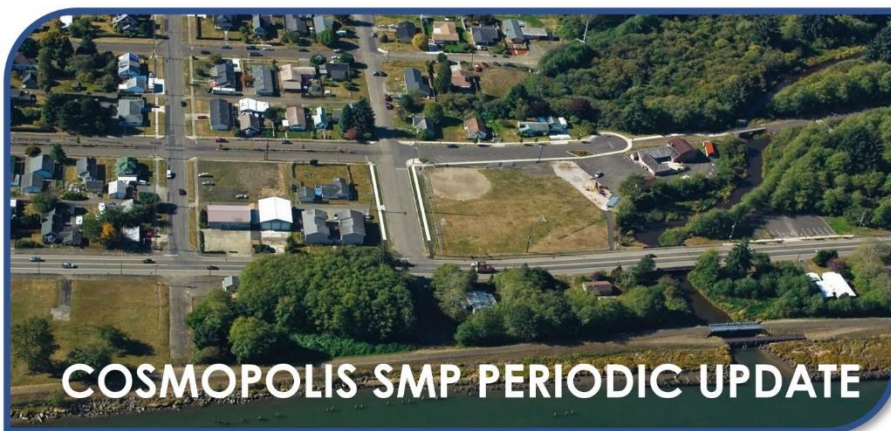

The City of Cosmopolis is undertaking a periodic update of its Shoreline Master Program (SMP) as recent state laws, rules, and guidance have been updated which may require amendments to the SMP. The review ensures the SMP stays current with changes in laws and rules, remains consistent with other City plans and regulations, and is generally responsive to changed circumstances (such as new information or improved data). The SMP review includes a review checklist from Ecology and we have identified potential SMP amendments.

**Where to find more information:**

The project information and related document are available for review on the following website:

<https://www.cosmopoliswa.gov/community-resources/economic-development/shorline-master-program.html>

You can also access the page by typing: [bit.ly/SMP\\_Cosmopolis](https://bit.ly/SMP_Cosmopolis) or simply scan the QR code from your phone:

We are reaching out to you because your input is valuable in this process. At this time the City is developing a project contact list of agencies, stakeholders, partners, and property owners for notifications of future public meetings and/ or hearings such as the one that will be held in April (see attached notice).

If you would like to be included in this list, please provide the City's consultant with your name, affiliation (if any), and preferred contact information (mailing address or email address):

Ali Masterson, Project Planner  
AHBL, Inc. | 1200 6<sup>th</sup> Ave #1620, Seattle, WA 98101
