Mayor Raines called the workshop to order saying that we are looking into the possibility of selling part of the Franklin Park. This comes at the request of Councilman Ancich's suggestion of ways the City could save money on maintenance.

Frank Chestnut said that it is less about the dollars but whether or not we might want this property some day down the road when the finances are better.

Attorney Hyde said that he wants to find out how the Council and Citizens feel about selling part of the park. If they say they think this is a good idea, Steve will look into how we can legally do this.

Carl Sperring said that this park is certainly not heavily used.

Frank said that we should have a public hearing to see what the citizens want.
