NEW BUSINESS

- A. Purchase of Police Vehicles from Soap Lake PD** – Chief Stratton stated that over the past six months, two of the chargers are no longer operational. The third one is barely working. This leaves us the two Tahoes and the Ford Explorer. We are looking to purchase two Ford Taurus' from Soap Lake. They are 2014 models with approximately 110,000 miles each. They are \$4,000 each. They do need radios but we can take them from the cars that aren't working. Deputy Chief Layman is working on some grant funding to purchase new cars but that will take a while. Once we can get grant funding, we can surplus these cars for what we paid for them. Councilmember Ancich made a motion to approve the purchase of the two police vehicles for a total of \$8,000. It was seconded by Councilmember Cummings. Motion carried.

Meeting adjourned.
