

City of Cosmopolis
Special Council Meeting
September 09, 2011

Mayor Vickie L Raines presided

Councilmembers Present: Jim Ancich, Carl Sperring, Karen Cox, Frank Chestnut and Debbi Moran

Staff Present: Public Works Director Darrin Raines

MEETING CALLED
TO ORDER

Special meeting was called to order at 5:00 P.M. by Mayor Vickie L. Raines. All City Council are present as well as the Public Works Director. The meeting was called at the request of the Public Works Director and the Department of Transportation regarding a change order request for the Downtown Corridor Project.

Darrin said that we ran into a problem relating to asphalt from H Street at the Main pump station, down to Mill Creek bridge. Around 1980 a new force main was put in to the City of Aberdeen from our main pump station. When they installed that, they saw cut the trench lines out on both sides and capped it with concrete. We have a crack telegraphing up through the asphalt and an 8" piece of asphalt is falling all along this strip. We have to go back and cut back 9" along this strip and remove the asphalt. If we do not do this we will have this area fail in a short period of time with water getting in there and the sidewalk and curb failing. We need up to \$25,000 to get in there and saw cut and remove the asphalt. Debbi Moran made a motion to approve up to \$25,000 for the change order. Frank Chestnut seconded. Motion Carried.

Mayor

Attest:

Public Works Director
